BROWN'S BRONCHIAL TROCHES

Having a direct influence on the
 part affected, immediate relief.

For Bronchitis, Asthma, Catarrh, Consumption and
 Throat Diseases

These are used with the best success.

Singers and Public Speakers
 will find Troches peculiarly adapted for the voice, when
 taken before speaking or singing, and relieve the
 throat after an unusual exertion of the vocal or-
 gans. The Troches are recommended and pre-
 scribed by Physicians, and have had testimonials from
 eminent men throughout the country. Having an
 action of three hours, and having proved their effi-
 cacy by a test of many years, each year finds them
 in new localities in various parts of the world, and
 the Troches are universally pronounced better than
 other articles.

Obtain only "Brown's Bronchial Troches,"
 and do not take any of the worthless imitations that
 may be offered.
